Charnwood Bay

The BAY is the definitive new insert wood burning stove range from Charnwood. The stove features a large landscape window framed with a gently curved surround. Built from the best combination of cast iron, plate steel and ceramic glass, the BAY is brick lined and is designed for easy installation. Delivering 5kW of heat to the room the stove features new burn technology and is incredibly simple to operate.

Available in 3 options: The BAY 5, BAY 5GT and the Bay 5VL.
